**STATE OF NEVADA**  
**OFFICE OF THE STATE TREASURER**

January 20, 2017

Dear fellow Nevadan:

The Treasurer's Office has been asked on several occasions to provide demographic data on applications we've receive to open ESA accounts. This information is provided below.

This data represents the raw data gathered from all applications and is unaudited. To date, our ESA portal has received 6,414 preliminary applications. Of that, 243 have moved on to the completed stage and are waiting for formal approval. There are about 2,000 applications that have not been entered into our system yet, and do not figure into the data below. The total number is, thus, over 8,500 applications.

Nevada State Treasurer Dan Schwartz reviewed the numbers, and noted, "This is not an issue of rich or poor. This is about empowering thousands of Nevada families who are trapped in mediocrity as Nevada struggles with a K-12 education system that is ranked 51<sup>st</sup> in the nation. ESAs will provide parents with the funds to give their children the quality education they deserve."
